## Deputation Travels

Greetings to our ministry partners and prayer warriors,

We've been able to present our ministry in West Texas, Florida and Kansas this summer. God has been faithful to provide us with the appointments and new ministry partners on His timeframe and we are thankful that it's not always what we want but what He feels is best for us. With that being said we would have had our schedule booked solid if it was up to us but God knew we needed to be available to minister to family and friends during some very difficult weeks as we lost Marty's younger brother, Bryan Herman, and our very good friend Lonny Parson. We know they both are in Heaven and have both left great testimonies. We ask for you to pray for both families.

While in Florida we were blessed to be able to spend some time with Roman & Betty Alvarez along with Marty & Jessie Starling who spent many years starting the works in Mexico.

We were able to take a couple loads of our furniture/belongings to Mexico this summer. We have started planning out what to start on first in the house we will be completing to live in. We were also able to complete some projects at the camp.

We are planning another trip to Mexico over the Labor Day weekend along with a mission group from a few churches in the DFW area to go down and make apple butter from the apples grown at the camp.

During our times in Mexico we have realized that we won't be immersed in the language as much as we need to be able to learn it and therefore realized the need for language school. We are praying about a total immersion Spanish language academy for missionaries where we can also learn bible terminology and Michelle can learn medical terminology. We are praying to be able to do this for 3 months this Fall.

### Prayer requests:

\*Pray for us in choosing the right language school to attend and the funds to get there.

\*Pray for God to continue to open doors for us to present our ministry burden and partners to join us so we can receive the rest of our monthly support to get to the field.

\*Pray for continued safety as we travel and for good health.

\*Pray for the people of Mexico that God would prepare their hearts to receive the True Gospel and that He would continue to prepare us to minister to them.

\*Pray for the Starlings as they are such a blessing to us in Mexico.

We are so grateful and thankful for all your prayers and support.  
Your fellow servants, Marty & Michelle Herman
